# WALL DECORATIONS

stencil **TREES**

stencil **HOUSE**

stencil **KIDS**

stencil **SUN**

stencil **HILL**

How to apply the stencils:

0. Before making the decorations, make sure that the surface is dry and clean
1. Place the stencil on the wall at a height of 210 cm and secure it with adhesive tape on the ends
2. Dip the brush in the corresponding color (attention: do not wet the brush too much to avoid dripping under the edge of the stencil)
3. Paint inside the stencil to cover all the empty areas
4. Remove the stencil and reposition it on another area to be decorated
